REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 1-12 have been carefully considered in view of the specification for the meanings of "a finite impulse response filter unit (FIR)", "a mechanical characteristic compensation unit", "a feedback compensation unit", "a differentiator", "a computation unit", and "a vibration reduction filter". Pages 7-9 of the specification provide the clear, definition and support, meanings of these recited elements. The references of the record fail to teach or suggest the structural configurations, neither taken alone nor in combination, a FIR filter unit for correcting a position instruction signal, a mechanical characteristic compensation unit for attenuating components, and a feedback compensation unit for driving the target machine according to the plurality of feedforward signals respectively associated with the position, the speed, and the torque of the target machine and computed by the mechanical characteristic compensation unit as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

COMMUNICATION INFORMATION

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Ip whose telephone number is (571)-272-1941.

Application/Control Number: 10/775,253 Page 3

Art Unit: 2837

The examiner can normally be reached on Monday to Friday from 6:30 am to 3:00 pm Eastern time.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Martin, can be reached on (571)-272-2107. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
